

HYBRID COMPACT SATELLITE

Compact hygiene station for foam cleaning applications

- ▲ A system that meets ALL requirements: rinsing, foaming, disinfecting
- ▲ IMPROVED foam quality and stability, EFFECTIVE cleaning performance
- ▲ SAFE no need to change hoses between chemical products
- ▲ DOUBLE injector for use with Ecolab ADVANTIS FOAM system
- ▲ INTERCHANGEABLE injectors: 150 - 300 l/min foam
- ▲ 2 Years WARRANTY

A foam cleaning system for ALL requirements

With the introduction of the HYBRID COMPACT Satellite, Ecolab sets new standards for user safety and effectiveness in foam cleaning. The HYBRID COMPACT SATELLITE is a complete hygiene station for rinsing, foam cleaning and foam- or spray disinfection of exterior surfaces.

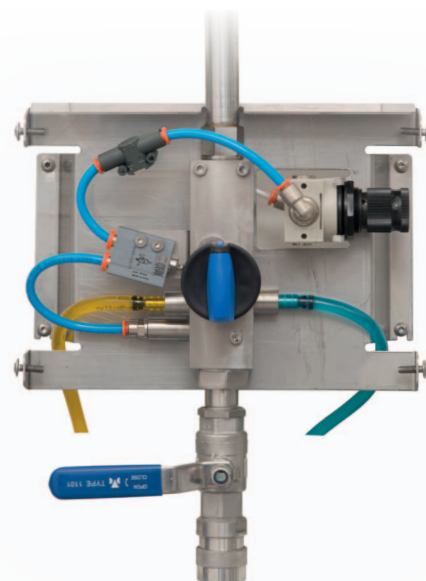

User safety	▲ New DuoBlock automatic flushing allows the use of two chemical products via a central output without the need to change any hoses
Improved foam quality	▲ Patented Corona Technology™ optimised mixing of the air supplied to the cleaning solution results in improved foam quality and adhesion (product dependent) ▲ Double injector for use with the Ecolab Advantis Foam System utilising additional cleaning and booster additives for heavy duty cleaning

The hybrid satellite is optimally designed to meet the environmental conditions found in the food and beverage industry:

Easy and safe handling	▲ Practical one-knob manual operation ▲ Chemical concentration is preset and adjustable by qualified personnel only
Design	▲ Open system with Stainless Steel or ABS cover, Stainless steel look
Low maintenance	▲ Strong, durable construction
Easy to service	▲ Easy access to all relevant service parts without complete disassembly

Technical specification:

Model:	SD21ABS	SD21SST	SD22ABS	SD22SST
EBS no.:	10033219	10033309	10033220	10033214
Cover:	ABS	Stainless Steel	ABS	Stainless Steel
Function:	2 products spray/rinse/foam		2 products foam/rinse/foam	
Water inlet connection:	1/2"			
Min. - Max. supply water:	12 - 40 bar			
Water consumption rinse-foam:	30 l/min - 1,2 l/min			
Air connection:	ø 6mm			
Compressed air supply:	6 - 10 bar 200 NI/min			
Electric supply:	3 x 400 VAC 50/60Hz 5,5 kW			
Approvals:	CE			
Dimensions H x W x D:	363 x 259 x 131 mm			
Weight:	4,3 kg	4,5 kg	4,3 kg	4,5 kg
